FINANCES and MARKETS

[Republican A. P. Leased Wire]

NEW YORK, Nov. 5.—Metals were the chief sustaining influence of today's market, other parts of the stock list showing irregular or heavy trend. The inquiry for copper was incessant, trading in that group attaining large proportions, with new records for Amado, which added a point to its recent rise at 87, China 1 1/2 at 55 1/2 and Utah 2 1/2 at 75 1/2. Other coppers, including American Smelting, rose 1 to 2 points.

Specialties, more particularly those in the so-called war classes, were again erratic. Bethlehem Steel fluctuated within a narrow range and closed at 43 1/2, a loss of 5 points. U. S. Steel, which was less active relatively, though leading all other favorites, broke 1 1/2 to 58 1/2, and closed without recovery. Railway shares were under greater pressure, their gains of the early week inducing further realizing sales. Canadian Pacific fell 3 1/2 to 185 and Atchafalpa, Union Pacific, Southern Pacific, New York Central and New Haven yielded one to over two points.

Among the lesser rails the heaviness of Missouri Pacific and Denver and Rio Grande issues suggested some apprehension regarding latest developments affecting those properties.

The session's activity was confined to the first and last hours. Total sales amounted to 380,000 shares.

Sterling Exchange was a trifle lower, but assurances respecting new London credits were helpful in imparting a stronger tone later.

International Mercantile Marine 4 1/2 per cent bonds and certificates were the features of the bond market, these issues advancing substantially on reports of an agreement regarding terms of reorganization. Total sales for value aggregated \$7,040,000. U. S. bonds were unchanged on call.

CHICAGO GRAIN MARKET

CHICAGO, Nov. 5.—Signs of much enlarged receipts here next week brought about a setback in wheat values today after the market had reached a level 10 cents above the low point of October 25.

The finish was heavy at 10 1/2 to 11 1/2 net decline, with Dec. at 10 1/2, 10 1/2 and May at 10 1/2. Corn closed 5 1/2, up, oats with a gain of a shade and provisions unchanged to 10 cents higher.

Evident attempts to grab profits by shipping wheat to Chicago from other leading terminals, notably Minneapolis and Kansas City, gave to traders here a desire to realize on holdings. To wish did not manifest itself in action, however, until the December delivery here had touched 107, and had acquired a premium of 3 cents over May.

Corn advanced in sympathy with wheat and owing to prospects of unsettled weather and talk of export sales by way of the Gulf of Mexico. Disappointing returns from huskers were numerous. Oats kept within a narrow range. Seaboard demand continued.

Packers buying rallied provisions. At first the market was weak because of lack of support.

DISPLAY OF HANDWORK OF FLORENCE PRISONERS

Among the interesting figures of the sociological exhibit at the state fair, in charge of Dr. Mary Neff, will be a display of handwork of the inmates of the state prison at Florence. The specimens will include the attractive inlaid wood and silver work on which some of the prisoners have displayed the greatest skill.

For a long time it has been the habit of the prisoners in the institution to engage in the manufacture of fancy articles decorated with a combination of inlaid silver and wood, and these articles were usually sold and the money turned over to the families of the men who made them. Quite an industry has been developed in this way and it is the intention of Dr. Neff to bring home to the public the fact that even though these men are imprisoned, they are, nevertheless, making an effort to aid their dependent ones by turning out specimens of their handwork during their few hours of leisure.

ATTACKS MERCHANTMEN WITH AEROPLANES

[Republican A. P. Leased Wire]

LONDON, Nov. 5.—Germany appears to be trying a new method of attack on British merchantmen with aeroplanes. The Cork steamer Avoca, which has arrived at Manchester, tells of a story according to the Liverpool Journal of Commerce, of a 35-minute engagement with three hostile aeroplanes at 11 o'clock in the morning of Oct. 30. One of the aeroplanes was a large battle plane which dropped 26 bombs, some of which missed the steamer by not more than seven feet.

When the bombs were exhausted the battle plane fired on the Avoca with a machine gun. The ship's sides and decks were struck by bullets but all the crew escaped injury.

At a height of from 800 to 1000 feet, all the aeroplanes dropped bombs and attacked the steamer with rifles. The Avoca's escape was due to zigzag maneuvering and the fact that the aeroplanes dared not fly lower.

Tempe News Notes**BOLD ROBBER LOOTS HOTEL CASH REGISTER**

Casa Loma Entered and Small Change Taken. Heavy Register Removed Into Alley

A robbery that probably has few equals for boldness, was carried out in Tempe early yesterday morning, when the Casa Loma hotel lobby was entered and the cash register, weighing a hundred pounds, was carried into the alley in the rear and looted of its contents. Change amounting to about five dollars and a few papers, were secured.

The night clerk slept not ten feet from the register. The robber had to work his way behind the desk, but he managed it all, and as a result he is today a few dollars richer. The cash register is extremely heavy, but it was handled apparently without trouble and when it had been carried into the alley in the rear, the drawer was opened and the cash and a few initials were taken. The key to the hotel safe and other items of greater importance were not molested.

The officers have a man lined up as the perpetrator of the robbery. He spent a few days loafing about the hotel a week or ten days ago, but since then he has not been seen.
